GREATER
BINGHAMTON**

**Various locations
June – July 2019**

Bing Connect is brand-new program running from June to July for college interns working at companies in the Greater Binghamton area. The program was created to bring these talented individuals together and engage them with all that our community has to offer! Four innovative and interactive events will connect them with their peers from other industries and young professionals, while showcasing the best places and experiences in town. We are excited to see this community come together!

Attendance: 150+ during the six-week program
